Community Contributions Policy

It is ERCC's objective, when financially possible, to positively impact the communities we serve in Randolph County, WV, by providing contributions to organizations that offer programs that will enhance the lives of our residents and employees. Programs that are health-related, focused on seniors and/or long-term care, educational and build strong, healthy families and communities are areas of emphasis for ERCC contributions.

An annual amount available for funding community contributions will be recommended by the ERCC Administrator and CFO to the Finance Committee for inclusion in the annual budget, which will be reviewed and approved by the Board of Directors.

Request for contributions can be submitted to the ERCC Administrator by letter or application. The Administrator will review all requests and approve or deny those less than \$500. Requests for funding of \$500 or greater will be brought before the Finance Committee for review and approval. Any requests that are approved by the Finance Committee will be submitted to the Board of Directors for final approval and acceptance.

A page on the ERCC website will be dedicated to our Community Contributions Policy, applications, and recognition of those organizations that receive contributions from ERCC. Applications will be available on the ERCC website and can be obtained by applicants at the ERCC Reception Desk. ERCC's Human Resources Director will be responsible for receiving any uploaded applications for review and updating recipients of awarded gifts on the website.
