**THANK YOU FROM RESIDENTS' COUNCIL**

**HAVE A SAFE LABOR DAY WEEKEND**

The holiday originated on September 5, 1882 as the Central Labor Union of New York City sought to create a day off work for the working citizens. It became a national holiday in June 1894 when President Grover Cleveland signed the Labor Day bill into law. Today the people of USA celebrate Labor Day with parades and community picnics. We honor and recognize the American labor movement and the works and contributions for laborers to the development and achievements of the United States. Many politicians “kick off” their political campaigns by holding rallies on Labor Day.

## Appreciation Bonus Given

Many Thanks goes out to The Board of Directors and Administration for the appreciation bonus received on August 26. The employees were surprised and appreciative. Thank you!
