Interview with ERCC Residents' Council President

On Monday, June 14, Stanley Gould, President of Residents' Council shared some information regarding some things they have been involved with. He has been the president for the past 14 years. They have elections in December every two years. They meet the third Monday of every other month. Stanley is thinking of running for Delegate for the Mountain Village, to give someone else a chance at becoming President.

A church group from Buckhannon area donated \$1000; and this was used to purchase a speaker amplifier for the facility.

The Resident Council has hot dog and bake sales to raise money and proceeds goes back to the residents. The Activity Department and the facility provides food for the sales the residents have.

The residents also specialize in homemade apple butter, which they sell at the Christmas Bazaar, along with personalized ornament, homemade candy, and nacho chips. With the money they raise they also give back to the community.

The Old Brick Playhouse (contact person-Missy McCollum) helped during the Geri Olympics and has been gracious to come in and do activities with the residents on a regular basis.

On Wednesday, the WV Highlanders (contact person-Katie Ross) came and played music.

Thursday Street Machine Car Club (contact person-Morris Kittle) had an antique car drive thru.

Friday Heart of Worship Praise Band (contact person-Susan Seders) played music.

On behalf of Residents' Council, Stanley wants to thank the Staff, Administration, and Odyssey Rehabilitation for their continued support of the residents. In addition, appreciation goes out to the Vo Tech Nursing and CNA students for their service, too.

During National Nursing Home Week, they had a celebration party honoring the Geri-Olympic team. They received 2nd place in Spirit Award in the field of 17 nursing homes in the state.

CNA WEEK

National Nursing Assistants week was June 17 thru 24th. It has been observed since 1977.

Nursing assistants work in hospital and nursing homes alike, performing every living tasks for the elderly, chronically ill, or rehabilitation residents who cannot take care of themselves. They cover a wide scope of responsibilities.

ERCC recognized their nursing assistants during this week. We appreciate what they do. They provide courteous, appropriate direct care to our residents to help maintain their quality of life.

The items given for the week was as follows:

Thursday—Hand-soap; Friday—Lemonade;
Monday—Gals given Lip balm; Guys were given Sharpies; Tuesday—Cake, punch and ice cream;
Wednesday—Scrubs on Wheels; Thursday—S'mores mix.
