## Elkins Rehabilitation & Care Center

### MAY EMPLOYEE OF THE MONTH

Judy Meadows, Dietary Helper

Judy has been happily married to Ernie Meadows since July 2018; and they reside in Highland Park. She is from Mill Creek and attended schools there. She married and moved to Elkins and finished her education at Elkins High. She graduated in 1995. She has two boys--- Marshall Snyder, Jr and Ryan Snyder. She also has a daughter-- Ada Snyder. Her mom, now deceased was Addie Channell. She has a sister and brother in law, Elaine and David Lloyd. She has been an employee of ERCC for approximately five years. She enjoys working at ERCC and has met several groups of people. Judy's favorite color is pink and she is also a big supporter of Breast Cancer Awareness. She likes taking walks, music, sitting on porch swing, outside activities, and riding her husband's Harley. We want to congratulate Judy for employee of the month!

ANIMAL SHELTER.**  
**May 18**

**Sue Ann Carlson spreading kindness by reading to the children at George Ward Elementary School.**

## **HAPPY RETIREMENT TO JULIA PHILLIPS, HIMA**

Julia Phillips, HIMA will be leaving our facility to enjoy her retirement starting May 31. She started at ERCC as what was then known as Ward Clerk, working on the “Blue” side, (now known as Woodland Village) in 1992. She is currently sharing the second highest seniority rank in the entire building. After the position of Ward Clerk she transferred to (then known as) Data Entry position. Afterwards she applied and received the position of Health Information Management Assistant. Her duties have grown and increased with the changing of the census activity in the facility. She does coding, abstracts diagnosis from medical records documentaion, assigns (International Classification Diseases) ICD-10 codes used for disease classification which in turn is used for billing and MDS. She also releases information for medical record requests, audits medical records for completeness and accuracy in order to intercept errors or incomplete documentation before auditors/surveyors look at them or before records are subpoenaed for court. Her supervisor, Terri Brake, RHIT/HIM Director has worked with Julia for the past twenty-two years and considers her as her “work wife”. She states “ the HIM department has went through lots of changes. In the beginning, Julia was solo in doing the records, but due to many changes in the health care field, the work load has significantly increased and expanded. HIM is not just medical records anymore. With the changes and addition to the facility, the HIM Department has increased as well. Julia has never been late for work and very rarely called off sick in the years I have been her supervisor. She also worked at the Cheat River Lodge which means she worked basically seven days a week for eight years”.

After Julia retires, she plans on enjoying her grandchildren and great grand children, crocheting, and woking in her flower garden. She is the proud grandmother and greatgrandmother of one; with one great grandchild on the way.

We want to wish Julia a very happy retirement and may she enjoy it to the fullest! She will be missed!

# CELEBRATIONS IN JUNE

**June 14,---**

The day commemorates the adoption of the Stars and Stripes as the official flag of the United States.

First day of Summer arrives on **June 21** at 10:58AM. YAY!! This will be the longest day of the year also.
